

## EMPLOYMENT OPPORTUNITY

### Financial Analyst

Surge Energy Inc. is an oil focused E&P company that has high-quality cash flow base driven by its conventional, medium to light crude oil reserves and low decline production base. Surge's elite, operated, reservoirs are characterized as having large original oil in place ("OOIP") with low recover factors. Surge has identified over 975 net drilling locations on the Company's lands, providing over 13 years of drilling inventory in addition to numerous high quality waterflood projects and future opportunities. Surge Management employs an orderly, on-going risk management/hedging program designed to maintain and protect the balance sheet and capital projects. Surge's common shares trade on the Toronto Stock Exchange under the symbol SGY.

Surge is currently accepting applications for the position of **Financial Analyst**. We are seeking an analytical and detail-oriented individual with a passion for continuous learning. This exciting position requires strong organizational skills and the ability to adapt and manage competing priorities in a fast paced and ever-changing environment. Reporting to the Manager, Corporate Finance, the successful candidate will primarily be responsible for the administration of Surge's treasury function. The successful candidate will also provide support with quarterly and year-end reporting and other ad-hoc analysis.

#### **Responsibilities:**

- Perform key deliverables in Surge's treasury function including loan administration and reporting, processing daily banking transactions, and preparation of cash management and working capital forecasts
- Ensure the timely submissions of regulatory reporting including TSX and CRA filings
- Prepare account reconciliations and provide analysis of trends and variances to budget
- Assist with external reporting including preparation of financial statements and notes, MD&A and AIF
- Other ad-hoc reporting and special projects

#### **Qualifications:**

- Undergraduate degree in accounting or similar is a requirement
- Recently obtained or actively pursuing a CPA designation
- Knowledge of the upstream oil and gas industry would be an asset
- Experience with acquisition and divestiture activities would be an asset
- Advanced Excel skills and experience using Qbyte are a strong asset
- Exceptional relationship building and communication skills
- Strong analytical and problem-solving skills, with high attention to detail are a must
