

SURGE ENERGY SCHOLARSHIP PROGRAM

Surge Energy is committed to supporting post-secondary students by helping to remove the financial roadblocks that come with completing higher levels of education. The Surge Energy Scholarship Program supports students in our communities with the intention of strengthening the relationship between the next generation and the Canadian energy industry. Surge is looking to support one woman attending University for Engineering or Geosciences, and two students in rural communities in the areas we operate, including Alberta and Saskatchewan, attending any post-secondary program

This scholarship program is part of our commitment to generosity, support, and nurturing the talents of future leaders.

Surge Energy is accepting applications for the following 2024 scholarships:

- Women in Engineering & Geosciences Scholarship \$5,000
- Local Leaders Scholarship (2) \$2,500

Annual Deadlines: Check the website link below for each scholarship's closing date.

For applications and information go to: www.surgeenergy.ca/scholarships/
